Increase of span of bridges or width of building makes an increase of price, but the increase in price is no more than the increase of wooden structures.

We can furnish Iron of every size to work into Bridges and Roofs and Railroads, or ather companies buying the right to use them and the iron of us, can make their own structures weight only from 1-4 to 1-10 that of wood, difference in freight, for a long distance buys our work. In a few days we will have at our factory, 407 West Third street in this city, four different specimens of our Koof, where the public can inspect them to their satisfaction. We begithem to givens a call, as all our work is warranted, and we ask up pay on ordinary j be until the work is done and upproved. Payments being secured on contracting. Br. Lwiss Williams. Dear Sir: It gives me great pleasure to know that you are again preparity your mesheine for the cure of Dyspero, for mind of me menuantanees have repeatedly asked mo where it could be precared, knowing that I had been cured by it. As I think that a public acknowledgment of the great benefit I have received from the use of your mesheine is not only due to you, but may be useful to other. I now make it. For several years I suffered from D spero, which increased to such an extent that my health and constitution were rapidly sinking under it. I was empelled to restrict usself tethe most simple food, and even that I could not digest. I tell a loss of strength, dismedimation to exercise, and fas you have it, a your notvertisement a general recling of depression and indescribable wearmess in the year 13s, heat in groun others help recommend and used it with the mest happe effort; and r its indicented it with the mest happe effort; and r its indicente, languor and wearmess good all p pas of away, and ma appetite returned, which I could graftly with impunity. Fen cars have me we capsed, and my earliance in the entartive p, were of your meshene has of course increased, for it completely enred me when I failed to obtain relief from sin other source.
